

EASYLINK MP

Preconfigured Multipoint IP67 Wireless Bridge Kit

Plug-and-Play | Set up in less than 3 minutes

EtherWAN
When Connectivity is Crucial

FEATURES AND BENEFITS

Hardened-Grade IP67 Enclosure

1 -40°F to 167°F operating temperature, watertight UV protected Polystyrene casing

Power Supply

2 Powered via PoE, included power supply and Passive PoE Injectors

LED Indicators

3 Indicates power, link status, and signal strength

Highly Secure

4 Encrypted and Authenticated(WPA2) with 256bit AES-CCM military grade encryption

EasyLink MP Client Unit

EasyLink Wireless Bridge Remote Client

EasyLink MP Base Unit

EasyLink Wireless Bridge Base Unit

Included Mounting Accessory

Dual ability for wall or pole mounting

Passive PoE Injector

Hardened, Gigabit Passive PoE Injector

ORDERING INFORMATION

EasyLink-300-US-MP-02

2 Paired Wireless Bridge Clients and 1 Wireless Bridge Base unit, 3 x 24VDC, 1.5A Power Supplies, 3 x Passive PoE Injectors and 3 x Mounting kits.

EasyLink-300-US-MP-04

4 Paired Wireless Bridge Clients and 1 Wireless Bridge Base unit, 5 x 24VDC, 1.5A Power Supplies, 5 x Passive PoE Injectors and 5 x Mounting kits.

EasyLink-300-US-MP-06

6 Paired Wireless Bridge Clients and 1 Wireless Bridge Base unit, 7 x 24VDC, 1.5A Power Supplies, 7 x Passive PoE Injectors and 7 x Mounting kits.

EASE OF USE

1. Easy to install with options for wall mounting and pole mounting
2. No extra configuration necessary
 - Simply mount the EasyLink MP
 - Power the EasyLink MP Base and Remote units with the included injector
 - Aim it and tighten the bolts... Congrats, your EasyLink MP is connected

APPLICATION DIAGRAM

ACCESSORIES & DEVICES

PoEPowerEZ

Hardened Active to Passive PoE Adapter

Hardened Power Supply

Hardened NEMA TS1 & TS2 Rated Power Supply

Shielded Ethernet Cable

CAT6 Shielded Outdoor cable up to 300ft

ABOUT ETHERWAN

EtherWAN is a leader in useful and easy to configure Power over Ethernet solutions. Our PoE products are built to support the long-term health of your network and come in a wide variety of form factors. Designed to operate in a number of environmental conditions, they provide the right networking solution for urban infrastructure communication applications.

Founded in 1996 by NASA engineers, EtherWAN provides Ethernet connectivity solutions for Urban Infrastructure with a core focus on reliability in extreme environments. In-house product design, engineering, and manufacturing are structured to provide quality for crucial connectivity applications.

Tech Support

US-based tech support provides guidance throughout the project life-cycle. Get support onsite or over the phone.

Quality

To ensure high performance, our products undergo rigorous 100% burn-in testing in extreme temperatures (175°F+) under a heavy data load.

Training for Real-World Applications

Our industry-specific network and product-focused courses are offered online and in-person for easy accessibility.

Purpose-Built Products

Products are designed, tested and manufactured in-house to ensure the highest quality solutions for specific applications.

Solution-Oriented

We have a variety of products to solve all your networking issues. With seamless integration, EtherWAN is your one-stop shop.

Cost Savings

Reduce installation time and costs through flexible network solutions, whether installing new cabling or utilizing existing systems.

Contact us for more information on how we can help you design your network.
